CAREER OBJECTIVE

Enthusiastic Computer Science student skilled in full-stack development with a strong foundation in algorithms, product design, and system architecture. Experienced in turning ideas into working prototypes using React.js, Node.js, and modern APIs. Seeking a **Product Developer Intern** role to design, build, and optimize user-centric applications while collaborating with cross-functional teams.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Flutter (Dart)
- **Backend:** Node.js, MySQL, MongoDB
- **Tools & Design:** Git, GitHub, VS Code, Figma, Canva, Vercel
- **Core CS:** Object-Oriented Design, Data Structures & Algorithms, Problem Solving, Complexity Analysis

PROJECTS

- **BazaarBuddy – Street Food Vendor Sourcing Platform** — *React, Node.js, MongoDB, Socket.io, Tailwind CSS*  Live —  Code
 - Built a B2B platform for vendors and suppliers with secure authentication, dashboards, and order management.
 - Implemented real-time chat, order tracking, and WhatsApp-based notifications.
 - Designed responsive UI with role-based access and analytics.
- **Blockchain-Based Voting System with Biometric Authentication** — *React, Solidity, Hardhat, MongoDB, JWT*  Live  Code
 - Built a secure voting platform with biometric login and role-based access.
 - Developed a real-time dashboard for election monitoring.
 - Implemented scalable on-chain vote tracking using smart contracts and The Graph.
- **TravelQuest – AI-Powered Travel Planner** — *HTML, CSS, JS, Node.js, Google Maps API, OpenWeather API*  Live —  Code
 - Designed an AI-driven itinerary generator with real-time data integration.
 - Implemented chatbot support for interactive trip planning.
 - Optimized route suggestions for scalability and user experience.
- **imageOmania – Creative Design Gallery** — *HTML, CSS, JS, Bootstrap*  Live —  Code
 - Built a Pinterest-style responsive gallery with dynamic search and animations.
 - Enabled community contributions via contact form with image upload.

- **Story Telling App** — *Flutter, Dart, Text-to-Speech (TTS)* 🔗 Code
 - Created a cross-platform offline-first storytelling app.
 - Enabled browsing, saving, and listening to stories with Text-to-Speech.
 - Configured for Android, iOS, Web, Windows, macOS, and Linux.

INTERNSHIP EXPERIENCE

- **Web Development Intern – IBM SkillsBuild (Remote)** *Aug – Oct 2025*

Developed a project titled “**AuraPlan**” — a web application that helps users manage tasks, track progress, and stay productive. Designed secure, responsive interfaces using **HTML, CSS, and JavaScript**, ensuring smooth performance and cross-device synchronization. Strengthened skills in frontend development, deployment, and version control.
- **Web Development Intern – VaultofCode (Remote)** *Aug 2025*

Developed responsive web pages and interactive components using **HTML, CSS, and JavaScript**. Improved performance and optimized UI for better engagement. Worked on real-time problem solving like cross-browser compatibility and responsive design.
- **Graphic Design Intern** *Apr – Sep 2024*

Designed branding assets, UI mockups, and social media creatives using Figma & Canva. Collaborated with teams to deliver consistent, user-focused designs.

CERTIFICATIONS

- Fortinet Certified Fundamentals in Cybersecurity *Oct 2023*
- Zero Trust Cyber Associate (ZTCA) *Feb 2023*
- Web Development Fundamentals – IBM SkillsBuild *Oct 2025*

PUBLICATIONS

- **Rose Plant Disease Detection Using Image Processing and ML** *Nov 2023*

Published in Springer [Publication Link](#)
- **Mobile Security – Light on Security Threats** *Jun 2024*

Published in IJETAE [Publication Link](#)

EDUCATION

- **B.Tech – Computer Science & Engineering** *2022–2026*

Amity University, Madhya Pradesh CGPA: 8.13 (in progress)
- **12th Grade [MPBSE]** *2022*

Govt. School of Excellence No.1 Morar 75.6%
- **10th Grade [MPBSE]** *2020*

Chetna Shiksha Mandir Hr. Sec. School 90.33%

AREAS OF INTEREST

- Full-Stack Product Development, UI/UX Design, API Design & Integration
- Cloud Computing, Cybersecurity, Machine Learning
